

**Chapter 15: Investigation of site response in urban areas by using
earthquake data and seismic noise (Stefano Parolai)**

Abridged list of contents

1. Introduction
2. Earthquake data based method
 - 2.1 Reference site
 - 2.2 Non-reference site
3. Seismic noise measurements
 - 3.1 Single station seismic noise measurements
 - 3.2 Array measurements
 - 3.2.1 ESAC
 - 3.2.1 f-k
4. Case Histories
5. Open questions
6. Future perspectives
