# Secretary General's Report 2018 – 2019

- Bureau meetings:

  - 2018 via SKYPE

  - 2019 Montréal

- Executive Committee meetings:

  - 2019 Montréal

# Business Meetings During this Assembly

Thursday

Bureau and Executive Committee meetings

Friday

Opening Plenary

Tuesday

Scientific Program Committee for Hyderabad 2021  
(Executive meeting, Commission chairs, etc.)

Wednesday

Joint meeting of IAGA – IASPEI & LOC for Hyderabad 2021

Closing plenary

IASPEI Commissions and IASPEI sponsored bodies have also conducted business meetings during the Assembly

# Regional Assemblies in 2018

## *2<sup>nd</sup> General Assembly of the African Seismological Commission (AfSC)*

The 2<sup>nd</sup> AfSC GA was held in Al Hoceima, Morocco, 23 – 25 April 2018. The assembly had about **150** participants and was followed by three training courses on “Seismotectonics”, “Analysis of Seismic Signals” and “Usage of Radar Images” (26 – 27 April 2018).

## *12<sup>th</sup> General Assembly of the Asian Seismological Commission (ASC)*

The 12<sup>th</sup> ASC GA with **129** ASC participants was held in Chengdu, China, 12 – 14 May 2018, jointly organized with the International Conference for the Decade Memory of the Wenchuan Earthquake, and as part of the 4<sup>th</sup> International Conference on Continental Earthquakes. A pre-conference, four weeks long training course entitled “The North-Central Asian Earthquake Observation Techniques” was presented from April 16 to May 11, 2018.

## *3<sup>rd</sup> General Assembly of the Latin America and Caribbean Seismological Commission (LACSC)*

The 3<sup>rd</sup> GA of the LACSC had been planned to be in Puerto Rico, jointly with the Seismological Society of America (SSA). However, due to the devastating impacts of hurricanes Irma and Maria in September 2017, LACSC and SSA decided to move the meeting to Miami, USA, 14 – 17 May 2018. The assembly had **122** participants from LACSC countries.

## *36<sup>th</sup> General Assembly of the European Seismological Commission (ESC)*

The 36<sup>th</sup> ESC GA was held in Valletta, Malta, 2 – 7 September 2018. The assembly had **802** participants. The one-week **Peter Bormann Young Seismologist Training Course**, entitled “Array Seismology”, was organized before the assembly (27 – 31 August 2018).

# Newsletter and Website 2018 – 2019

**IASPEI Newsletters** - IASPEI uses them to broadcast announcements about its activities, forthcoming meetings and other information of interest to IASPEI members. Also downloadable from IASPEI Website. Usually 4 Newsletter issues are published per year.

**IASPEI Website** - IASPEI continues development of its Website on the WorldWideWeb, which contains organizational information, meeting announcements and other information of interest to IASPEI scientists.

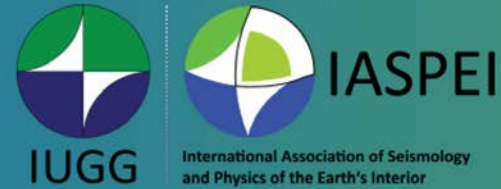

<http://www.iaspei.org/>

The Website is hosted by the ISC. The website was generally refurbished in 2018/19.

**All Commissions should provide new material to updated their pages!**

IASPEI is very much indebted to ISC for this help!

## International Association of Seismology and Physics of the Earth's Interior

The International Association of Seismology and Physics of the Earth's Interior (IASPEI). It is one of the eight Associations that comprise the International Union of Geodesy and Geophysics (IUGG).

IASPEI promotes the study of earthquakes and other seismic sources, the propagation of seismic waves, and the Earth's internal structure, properties, and processes. Scientists participating in IASPEI initiate and co-ordinate research and scientific exchanges that demand co-operation among countries. Work on specific topics is carried out through commissions, committees, task and working groups formed to meet specific needs of new, exciting problems as they

# Report of the Professional Auditor for the period 2015 – 2018

To whom it may concern

## Independent Auditor's Report

### Opinion

We have audited the account of International Association of Seismology and Physics of the Earth's Interior for the years 2015 to 2018. The accounts comprise statement of costs as of 31 December each year. The accounts have been prepared by the management.

In our opinion, the accounts of International Association of Seismology and Physics of the Earth's Interior is prepared, in all material respect, in accordance with generally accepted accounting principles.

### Basis for opinion

We conducted our audit in accordance with laws, regulations, and auditing standards and practices generally accepted in Norway, including International Standards on Auditing (ISAs). We are independent of the Organization as required by laws and regulations, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management for the Accounts

Management is responsible for the preparation, and for such internal control as management determines is necessary to enable the preparation for accounts that is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibilities for the Audit of the Accounts

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with laws, regulations, and auditing standards and practices generally accepted in Norway, including ISAs, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this account.

Nettside: www.slm-revisjon.no

As part of an audit in accordance with laws, regulations, and auditing standards and practices generally accepted in Norway, including ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error. We design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

We communicate with those charged with governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# Report of the IASPEI Audit Committee for the period 2015 – 2018

## **Report of the IASPEI Audit Committee for the period 2015-2018**

We have gone through the accounts with the treasurer Johannes Schweitzer for the period 2015 to 2018 and the budgets for 2019 and 2020. We are of the opinion that the accounts fairly represent the transactions of IASPEI and its financial status.

We have questioned the treasurer about the accounting for expenditures for the assemblies in 2015 (Prague) and 2017 (Kobe), for regional scientific meetings in 2016 and 2018; about the IUGG/IASPEI surcharge income stream, and about the named funds (IDEA, Dornboos, ESC). We have found the explanations fully satisfactory. Our analysis identifies the following major trends concerning income and expenditure.

*Income* increased by \$21k compared to the previous quadrennium (\$201k for 2015-2018 versus \$180k for 2011-2014).

# Report of the IASPEI Audit Committee for the period 2015 – 2018

*Expenditure* decreased by \$72k compared to the previous quadrennium (\$178k in 2015-2018 versus \$250k in 2011-2014).

*Administrative costs* decreased by \$40k (\$20k for 2015-2018 versus \$60k for 2011-2014).

*Operating result:* Income exceeded expenditure by \$24k across the quadrennium, which bolstered the reserves to \$75k. Based on the projected budgets for 2019 and 2020, this is sufficient to keep roughly an average year's expenditure in the accounts at all times. The overall position is sound, but it would be desirable to increase the reserves, especially given that IASPEI's financial activities are heavily subject to fluctuations in currency exchange rates.

We give the treasurer discharge for the accounts for the period 2015-2018.

Jerry A. Carter

Søren Gregersen

Karin Sigloch

Montreal, 12 July 2019

# Union Activities

## **New IUGG officers for the period 2019-2023**

- President: Kathryn WHALER (UK, IAGA)
- Vice-President: Chris RIZOS (Australia, IAG)
- Secretary General: Alexander RUDLOFF (Germany, IASPEI / ILP)
- Treasurer: Niels ANDERSEN (Denmark, IAG)
- Past President: Michael SIDERIS (Canada, IAG)
- 
- Bureau members: Eduard PETROVSKY (Czech Republic, IAGA),  
Jun XIA (China, IAHS), Stephen MCNUTT (USA, IAVCEI)
- 
- Finance Committee: Corinna RISSO (Argentina, IAVCEI), József ÁDÁM  
(Hungary, IAG); Priscilla GREW (USA, IASPEI)

# Union Activities

The 2023 venue for the IUGG GA is

Berlin, Germany

# IASPEI Commissions – 1

## Regional Commissions

### **African Seismological Commission (AfSC)**

President: Mustapha MEGHRAOUI (Algier & France)

### **Asian Seismological Commission (ASC)**

President: Paramesh BANERJEE (Singapore)

### **European Seismological Commission (ESC)**

President: María José JIMÉNEZ (Spain)

### **Latin American and Caribbean Seism. Comm. (LACSC)**

President: Mario RUIZ (Ecuador)

# IASPEI Commissions - 2

Thematic Commission

## **Commission on Earth Structure and Geodynamic**

Chair: TBD

## **Commission on Earthquake Generation Process – Physics, Modelling and Monitoring for Forecast**

Chair: Eleftheria PAPANIMITRIOU (Greece)

## **Commission on Earthquake Hazard, Risk and Strong Ground Motion (SHR)**

Chair: Gary GIBSON (Australia)

Vice-Chair: Alison Bird (Canada)

## **Commission on Earthquake Source Mechanics (ESM)**

Chair: Satoshi IDE (Japan)

## **IAG – IASPEI Interassociation Sub-Commission Seismo-Geodesy**

Chairs: TBD & TBD

# IASPEI Commissions – 3

## **Commission on Education and Outreach**

Co-Chairs: Raju SAKAR (Bhutan); Aaron VELASCO (USA); TBD (India)

## **Commission on Seismological Observation and Interpretation (CoSOI)**

Chair: Torsten DAHM (Germany)

## **Commission on Tectonophysics and Crustal Structure**

Co-Chairs: Uli ACHAUER (France) & Mian LIU (USA)

# IASPEI Commissions – 4

## Commission Status within IASPEI

### **Federation of Digital broadband Seismograph Network (FDSN)**

Chair: Sergio BARRIENTOS (Chile)

### **International Heat Flow Commission (IHFC)**

Chair: Massimo VERDOYA (Italy)

### **International Ocean Network (ION)**

Chair: Mairi M.R. BEST (Canada)

# IASPEI Representatives 2019 – 2023

## **IUGG GEORISK Commission**

Mohsen GHAFORY-ASHTIANY (Iran)
